

## USDA Export Verification (EV) Program Specified Product Requirements for Bovine Less Than 30 (LT30) Months of Age

### 1 Purpose

This document provides the specified product requirements for marketing U.S. bovine meat and meat products under the USDA Export Verification (EV) Program, Less Than 30 (LT30) Months of Age. This Program facilitates the international trade of U.S. bovine meat and meat products for those countries that require products be derived from animals under 30 months of age.

### 2 Scope

This Program applies U.S. suppliers (slaughterers, fabricators, and processors) of bovine meat and meat products offered for export to countries that require product be derived from animals under 30 months of age. Suppliers must meet the specified product requirements of this EV Program through an approved USDA QSA Program. The requirements for the QSA Program are defined in *ARC 1002 Procedure, Quality System Assessment (QSA) Program*. The QSA Program ensures that the specified product requirements are supported by a documented quality management system.
